

RoHS Compliance Statement

April, 1st 2005

To Whom It May Concern:

We at Quail Electronics, Inc., guarantee all of our products are in compliance with the RoHS directive. Banned substances include:

Lead (Pb)	Lower than 90 ppm
Cadmium (Cd)	Lower than 5 ppm
Mercury (Hg)	Lower than 1000 ppm
Hexavalent Chromium (Cr)	Lower than 1000 ppm
Polybrominated Biphenyls (PBBs)	Lower than 5 ppm
Polybrominated Diphenyls (PBDs)	Lower than 5 ppm

This statement is to certify that the parts provided by Quail Electronics, Inc. and its subsidiaries will fully comply with the restriction of the use of certain hazardous substances in electrical and electronic equipment (Directive 2002/95/EC, RoHS).

For the purpose of reducing the environment impacts of waste electrical and electronic equipment, and improve recyclables, we herein state that, the use of these substances, including lead (**Pb**), cadmium (**Cd**), mercury (**Hg**), hexavalent chromium (**Cr6+**), polybrominated biphenyls (**PBBs**), Polybrominated diphenyl ethers (**PBDEs**) will be used in accordance with RoHS requirements.

Please contact us at any time if you have any questions.
